70%

Efficiency in numbers: Real-world impact

Don't just take our word for it. Here are some real-life examples of how we have transformed operations for our LBM clients:

Enhanced inventory management

Challenge

Inaccurate stock counts and time-consuming recording processes.

Solution

Now using our inventory management features.

Result

Transitioned from 2 annual stock counts to 10 daily SKUs, significantly enhancing stock accuracy and streamlining the recording process.

Streamlined purchase processes

Challenge

Time-consuming manual data entry in the purchase ledger department.

Solution

Utilized our Electronic Data Interchange (EDI) capabilities.

Result

Saved over 100 hours monthly in the purchase ledger department, freeing up resources for more strategic tasks.

Accelerated order processing

Challenge

Slow product search capabilities hampering order processing speed.

Solution

Implemented our advanced Point of Sale system.

Result

Achieved a 10x faster product search compared to their previous system, significantly expediting order processing and improving customer service.

Seize your growth opportunity: Next steps with GenetiQ

We offer a proven track record of empowering businesses with efficient processes, accurate data, and the tools needed for expansion.

It's time for you to join the ranks of successful Lumber and Building Materials Supply companies that have transformed their operations with us.
